ARKANSAS ELECTIONS

Donaghey is Probably Nominated For Governor.

A HEAVY VOTE WAS POLLED

U. S. Senator Davis, Who Stumped the State for Kirby, Claims that He is Nominated Over Donaghey—Andrews Probably Wins His Race.

Little Rock, Ark., March 27.—Returns received Thursday from the Democratic state primary election indicate that George W. Donaghey, of Faulkner county, has been nominated for governor over W. F. Kirby, and John H. Hinmon.

It is estimated that over 100,000 votes were cast in the state, one of the heaviest polls recorded in a similar election in years.

John Page, secretary of the Democratic state committee, announced that his advices indicate the nomination of Donaghey by a small plurality. Friends of Kirby, however, state that their candidate's greatest strength is in the remote districts and when these are heard from Donaghey's lead will be greatly reduced, if not overcome. Supporters of Hinmon do not concede his defeat.

United States Senator Jefferson Davis stumped the state for Kirby and he claims his nomination by a small plurality.

Returns so far received indicate the nomination of F. B. Andrews, of the county of Woodruff, for attorney general.

Returns so far received indicate that Representative R. B. Macon has been renominated over Clyde Going.

The result will probably not be definitely known until Friday as returns from the country districts will not arrive before that time.

BIBLE CONFERENCE.

Noted Religious Workers to Assemble at Valdosta, Ga.

Valdosta, Ga., March 27.—The plans for a great Bible conference to be held annually in this city have been completed, and the first session will be held at the First Methodist church on Sunday morning, March 29. Its successful inauguration is regarded among churchmen and laymen as the most important religious and educational movement in the history of South Georgia.

Rev. M. A. Morgan, pastor of the First Methodist church, is the moving spirit behind the conference.

The first conference will continue eight days, running through the first Sunday in April. Some of the most eminent divines and consecrated Bible students in the south will be present and contribute to the program. Among them is Miss Emma Tucker, the famous Bible reader and revival worker; Rev. W. N. Ainsworth, pastor of Wesleyan Memorial church, of Savannah; Dr. John C. Kilgo, president of Trinity college, Durham, N. C.; Dr. J. A. Harmon, presiding elder of the Valdosta circuit of the South Georgia conference, and others.

OUGHT TO LIVE A CENTURY.

Bishop Samuel Fallows on the Allotment of Man's Life.

Chicago, March 27.—Three score and ten years of earthly license is an old-fashioned allotment of a man's life according to Bishop Samuel Fallows. People ought to be ashamed that they don't live to be 100 years in this age, he holds.

At eighty a man should be in the prime of life, whereas nodw forty or forty-five is declared to be the climax.

Bishop Fallows was speaking on the "Mission of Pain," at the St. Paul's Reformed Episcopal church.

Died from Blood Poisoning.

Atlanta, March 27.—S. W. Turner, forty-nine years of age, formerly on the Atlanta police force, and one of the best known citizens of Atlanta, died at his residence, 93 Stonewall street, Wednesday after an illness of three weeks from blood poisoning.

TATSU MARU INCIDENT.

Minister Hayashi Makes Statement in Diet Regarding Same.

Tokio, March 27.—Foreign Minister Hayashi made a statement Thursday in the diet in reference to the Tatsu Maru incident. He related the history of the case, as has already been published and says the entire record had not yet been received at the foreign office. He wished to say emphatically that the Chinese central government had shown a friendly attitude to Japan and a desire for the continuance of friendly relations by conceding an ample reparation.

Regarding the seizure of the Japanese fishing vessel, Kaio Maru, near St. Paul island by the American government, Minister Hayashi said that negotiations were pending, but that it was premature to make an official statement.

In the matter of the Kantao boundary, the minister of foreign affairs said that this was an old dispute between Korea and China, and that it would probably involve lengthy negotiations. In fact, the boundary had not yet been fixed.

Regarding the forcible seizure of the Tien Poashan mine in Kantao by Chinese troops, Minister Hayashi said that this matter was included in the Kantao negotiations and that when the boundary was fixed the mine question would be considered.

Regarding anti-Japanese feeling by the central government of China, he said he was unable to discover the slightest evidence of unfriendliness.

"BIM," BUTTON MAKER, DEAD.

Well Known Man Found Dead in His Bed in New York.

New York, March 27.—Meyer R. Bimberg, known widely as "Bim, the Button Man," was found dead in bed Wednesday night.

A week ago Mr. Bimberg contracted a cold, which developed into tonsilitis. A physician looked after him and the patient was reported to be rapidly recovering. An hour or two before he was found dead he had sprayed his throat and settled himself in bed for a nap.

He was born in this city forty-six years ago, and is survived by a widow and daughter.

In recent years Mr. Bimberg built six theaters and for three years managed the Yorkville theater, but it was as the maker of campaign buttons that he was known outside New York. He staked his fortune repeatedly on his convention forecasts, only to double his fortune as his predictions were fulfilled.

"Bim" made up buttons bearing the likeness of the probable candidates, and guessed so well that he was eventually rated as a millionaire. More recently he had devoted more of his time to the business of a building contractor.

Increase in Tax Receipts.

Rome, Ga., March 27.—The report of Tax Collector George F. Reese shows an increase in amount collected over last year of $26,000. This is partly accounted for by the addition of the two new wards, the sixth and the seventh, and partly by the heavy increase in assessments of more than a million of last year over the year before. The report of the assessors for 1908 has not yet been made, but enough is already known to say that there will be a considerable increase over the assessments of 1907.

Charles G. Hall Dead.

New York, March 27.—Rev. Chas. Cuilbert Hall, president of Union Theological seminary, died at his home here Wednesday. He had been ill about two months, and recently submitted to a surgical operation. Dr. Hall was a trustee of Williams college, of Atlanta university, a director of Union Theological seminary and a member of the boards of other educational institutions.

North Dakota for Bryan.

Grand Forks, N. D., March 27.—On Wednesday the North Dakota Democratic convention unanimously adopted resolutions endorsing W. J. Bryan for presidential nominee, and instructing North Dakota's delegates to the national Democratic convention at the city of Denver, to vote for Bryan's nomination.

CHICAGO DEFRAUDED

Amazing System of Robbery and Graft Uncovered.

CITY EMOLOYES INVOLVED

Through the Use of Tampered Water Meters and Connivance of City Employees, Chicago Has Been Defrauded of Hundreds of Thousands.

Chicago, March 27.—An amazing system of robbery and graft involving city employees and big business firms and extending back through several years, was uncovered Wednesday in the water department. As a result of the revelations two employees, including a division head, were removed, and thirty-eight subordinate employees are slated for discharge.

Some of them may be indicted for complicity in the thefts.

Through the use of tampered meters and the connivance of city employees, it is said, several large corporations have defrauded the city of hundreds of thousands of dollars in water taxes. At the same time the employees of the meter divisions, to which the scandal is confined, have plundered the stock of supplies, selling meters to junk dealers, and bartering materials for drinks in saloons, so it is charged.

TICKET INTERCHANGE.

Trans-Atlantic Steamship Companies Adopt New Method.

New York, March 27.—An arrangement of ticket interchange which was brought about by the recent conference in London of the various trans-Atlantic steamships lines has gone into effect.

The arrangement provides that any person holding a ticket to return on a specified steamer of one line may, if necessary, return with that ticket on a steamer of another line, which is a party to the conference.

If the ticket holder returns in cheaper accommodations on a steamer of a line other than the one issuing the ticket, the ticket will be accepted for transportation and the difference in price will be paid to the holder by the line issuing the ticket, less ten per cent. If the person wishes to travel in better accommodations on a steamer of a line other than the one issuing the original ticket, he is permitted to use the ticket by paying the difference in price to the company of the steamer on which he sails.

Aged Woman Burned to Death.

Alpharetta, Ga., March 27.—Mrs. Mary Trammell, seventy years of age, was burned to death Wednesday afternoon in flames which destroyed the residence of her son, M. B. Trammell. An infant child of Mr. Trammell's was also in the house but was rescued before it was injured. The flames were first discovered by Will Williams, who, while passing the house, noticed that the roof was in flames. He rushed into the dwelling and brought the infant to safety and searched for the aged woman, but, due to heat and smoke, was unable to find her. It is thought the fire started from the kitchen stove.

Will Vote For Bryan.

Indianapolis, Ind., March 27.—Delegates to the state Democratic convention Wednesday selected by districts twenty-six delegates to the national convention at Denver and the committee on rules selected four delegates at large. All of the thirty national delegates will vote for William J. Bryan for president, and a majority of them will vote for the reelection of National Chairman Thomas Taggart as the Indiana member of the national committee. This will be done at Denver, Colo.

Dr. Robinson Consecrated Bishop.

Racine, Wis., March 27.—Rev. Henry Douglas Robinson, D.D., was consecrated bishop of Nevada in St. Louis Episcopal church. The presiding bishop, Rt. Rev. D. S. Tuttle, of Missouri, was the consecrator and Rt. Rev. T. F. Gailor, bishop of Tennessee, preached the sermon.

1,800 MILES IN A ROWBOAT.

Young Explorer to Make Daring Trip to Polar Regions.

New York, March 27.—His healthy body and cheerful mind are the principal equipment to be used by Vilhyjamur Steffansson, who is to start in April in a rowboat for the Arctic circle to learn the ways of Eskimo tribes no white man has visited.

Money, he will not require, but he will carry a few files, needles and butcher knives as gifts in return for the hospitality which he expects to receive. One rifle, a few fishhooks and nets and a suit of fur clothing will be the sinews of the expedition.

Mr. Steffansson was formerly an instructor of Harvard university and his coming expedition is under the auspices of the American museum of natural history.

The expense of getting to the Mackenzie river, where he expects to find a rowboat, is to be furnished by the museum.

The museum will publish his report and if it is possible to bring them out of the inaccessible country, it will obtain whatever ethnological specimens Mr. Steffansson may gather. The young explorer is of Icelandic birth, and speaks the Eskido language fluently. He will live on the country and what he can trap.

He will start late in April from Edmonton, British Columbia, and expects to travel eighteen hundred miles in a rowboat.

LONG TERM FOR BURGLARY.

Negro Sentenced to State Prison for Life in New York.

New York, March 27.—After having been convicted of a burglary, William Clark, thirty-five years of age, a negro, has been sentenced to the state prison for life by Judge Foster in general sessions.

Clark was convicted of robbing the apartments of Mrs. Ida Clark last September, after he had brutally assaulted the woman. In 1887 Clark was sentenced to two years in state prison and five years later got six years and six months.

The prisoner addressed the court, saying he was innocent of the charge on which he had just been convicted.

At the close of his speech Judge Foster declared that if there had been any doubt in his mind as to the negro's guilt, the latter's speech had removed it.

CORTELYOU ISSUES CIRCULAR.

No More Standard Silver Dollars Transported Free of Charge.

Washington, March 27.—Secretary Cortelyou has issued a general circular announcing that the amount appropriated by congress for the transportation of silver coin for the year 1908 having become exhausted, "no more standard silver dollars will be sent to applicants free of charge for transportation from the offices of the treasurer or the several assistant treasurers of the United States."

The policy of shipping to banks silver coin free of express charges was adopted about twenty-five years ago when it was deemed desirable to stimulate the general circulation of silver, and this policy has been continued to the present time, with the exception of the first three months in 1906.

TOBACCO WAREHOUSE BURNED.

Fire at Covington, Ky., Supposed to Have Been of Incendiary Origin.

Cincinnati, O., March 27.—The leaf tobacco warehouse of T. S. Hamilton & Co., situated at Fourth and Bakewell streets, Covington, Ky., was destroyed by fire early Thursday morning, entailing a loss estimated at $150,000.

The fire is thought to have been of incendiary origin.

Five residences and a saloon were also destroyed.

The Chesapeake and Ohio railroad bridge near by was threatened, as was also several other structures.

Thousand Men Made Idle.

Houston, Tex., March 27.—The Southern Pacific and Texas Central shops here were shut down Wednesday afternoon for one week. Over a thousand men will be thrown out of employment.

SHOT PROVED FATAL

Durham Stevens, Korean Diplomat, Victim of Assassin.

DIED AFTER AN OPERATION

In Wan Chang, the Korean Who Fired Fatal Shot, Now in Jail, Received News of His Victim's Death With Manifest Delight.

San Francisco, Cal., March 27.—Durham White Stevens, the diplomatist shot by In Whan Chang, a young Korean, on Monday, died at the St. Francis hospital Wednesday night following an operation.

Death was due to peritonitis. The operation disclosed that the assassin's bullet had perforated the intestines in six places.

At the bedside when death came were Chozos Koeke, Japanese consul general in San Francisco, Morris Wilson and Colonel W. A. Simpson, personal friends of Mr. Stevens, and Drs. Terry and Huntington.

Mr. Stevens regained consciousness only once after the operation and then said he was in great pain. The attending physicians realized that death was certain in a few hours, and operated in the faint hope of saving his life.

Consul General Koeke was greatly affected by the death of Stevens.

In Wan Chang, the Korean who fired the fatal shot which proved fatal to Stevens, when informed at the jail of his victim's death, received the news without surprise and with manifest delight.

Since the day of the shooting Chang has been expressing the hope that Steven's wounds might prove fatal. Wednesday night when asked if he was sorry for what he had done, the Korean said:

"No. I am glad. He was no friend of Korea, and he is better dead."

Mr. Stevens' death will result in a charge of murder being brought against both Chang, who fired the fatal shots, and Chun, his accomplice, who attacked Stevens as he alighted from his automobile at the Ferry building.

Chun, who was wounded by a wild shot from his companion's revolver, is at the Lane hospital, where it was said that he was apparently on the road to recovery.

SEN. BURROWS OBJECTED.

To Swearing in of Senator-Elect from Maryland.

Washington, March 27.—Senator Burrows, chairman of the committee on privileges and elections, Thursday made objection to the swearing in of Senator-elect Smith, of Maryland, who was chosen to succeed the late Senator Whyte.

Mr. Burrows based his objection on the strength that Mr. Smith's election had not been in accordance with the form prescribed by the constitution.

There had been a roll call of the senate just before the proceeding for the purpose of securing a full attendance and almost all the senators were in their seats.

Family Feud Caused Killing.

Cochran, Ga., March 27.—Ash Rozier Wednesday shot and killed Chas. Dixon. The shooting was caused, it is stated, by family troubles of many months' standing. Rozier, it is said, had asked Dixon to keep away from his house. When he went home about 1:30 o'clock Wednesday he met Dixon coming out. Both men began firing. Rozier was shot in the thigh; Dixon was shot several times and died in a short while.

Many Tickets Issued for Banquet.

Kansas City, Mo., March 27.—Twelve hundred tickets, one thousand of which have been sold to out-of-town people, have already been disposed of for the Young Men's Democratic club banquet which is to be held here in Convention Hall on Monday night, March 30. W. J. Bryan and Judson Harmon, of Cincinnati, will be the guests of honor. Many other prominent Democrats will be present.

NEGRO GIRL LEFT HOME SUDDENLY

Susie Gaither, Sixteen Years Old, Is Missing From Home.

WHEREABOUTS ARE UNKNOWN

The Country for Miles Around Windsor Has Been Thoroughly Searched Without Avail, and Parents of Girl Are Distracted.

Susie Gaither, colored, the sixteen-year-old daughter of James Gaither, of Windsor, suddenly disappeared from her home Wednesday noon, since which time no trace of the girl can be found, and her disappearance remains a mystery. A thorough search of the country surrounding Windsor, as well as numerous inquiries of those who knew the girl, has so far developed nothing, with the result that the girl's parents are very much worried over the incident. Numbers of friends volunteered their services and formed searching parties, but returned without success, after scouring the woods for many miles about the place.

Susie is a young girl of happy disposition, declare those who know her, and there was no apparent reason why she should have so suddenly taken French leave. She was unusually bright in intellect for a girl of her age, as her father had always given her the advantage of the school at Windsor, and, furthermore, she is said to have been treated well at home.

Thursday morning Susie was sent to one of the village stores to make some purchases. The village stores lay about a third of a mile distant from the Gaither home, and a reasonable length of time was alloted the girl to return; but at noon-time she was not at home, and when the shades of night folded to its bosom the dying day, the parents got on the anxious stool sure enough, for Susie had not "shown up," and at last accounts her disappearance has been the mystery of the Windsor section.

NEWS OF CITY AND COUNTY CONDENSED

Itching, bleeding, protruding or blind piles yield to Doan's Ointment. Chronic cases soon relieved, finally cured. Druggists all sell it.

The Baird Hardware Company has a good suggestion to make to readers of The Sun at the beginning of this "good old summer-time," which it will pay the people to investigate.

Frank Morrison of Hawthorn spent Thursday night in this city, the guest of Mr. and Mrs. H. P. Holstein. He was en route to Macon, Ga., where he will enter a business college.

E. K. Anderson of High Springs, proprietor of the High Springs Bottling Works, and one of the leading young business men of that progressive town, was in the city yesterday.

Mrs. E. W. Millican of Waldo was in the city yesterday. She was accompanied by her sister-in-law, Miss Millican of Georgia, who is en route home from a visit to relatives at Parrish.

Mr. and Mrs. F. D. Warner have returned from Orange Bend, where they have been for the past few days. Mr. Warner owns one of the handsomest groves in that section, and says the trees are heavily fruited this season.

Attention of our readers is called to the change of advertisement of The S. J. Thomas Company, which appears in this issue. They have something of interest to say relative to the Carolina-Portland cement, which is guaranteed to be the best ever put up.

Mrs. S. T. Carswell and Miss Julia Tillman of Citra, and Miss Eva Johnson of Reddick, were among those who favored Gainesville with their presence yesterday. They were accompanied by Mr. Kinsley, of Woodstock, Va., who is visiting the Citra section.

Among the Waldo people spending yesterday in Gainesville were Judge T. B. Tillis, Chas. A. Marks, J. J. Donaldson and C. R. Sparkman. These gentlemen, with the exception of Mr. Marks, came on business connected with the county tax collector's office.

Attention is called to the advertisement of Mrs. J. F. McKinstry, Jr., who is offering to the lovers of fine poultry eggs for hatching at a price much less than that asked by other standard breeders. She will also have a number of chicks, for which she will receive reservations now. If you are interested in chickens, read the advertisement.

Prof. A. W. Blair left yesterday for Dade City, where today he will attend a Farmers' Institute. Prof. Blair is the chemist at the Experimental Farm, University of Florida, and is one of the most thoroughly posted men in the country in his profession. His experiments prove of great value throughout the State, and his services are appreciated.

Mrs. Annie Brown, who recently sold her handsome home on West Main street N. to F. J. Hammond, and who purchased an interest in the Estabrook Dairy, has moved to her new home. Friends of Mrs. Brown regret to see her leave the city property, but are glad that the distance is so short she will be enabled to visit them whenever it becomes her pleasure.

The ladies of Kirby Smith Chapter, U. D. C., have received a request from Mrs. A. J. Emerson of Denver, Col., who is compiling a book of monuments and memorials of the Confederacy, for a full description, photo, etc., of the monument erected by the chapter in the court house yard. Mrs. Emerson promises to give this handsome statue a full page in her book, which will be a work of much interest.

Robt. B. Walcott of Atlanta, the clever traveling representative of the National Tube Company, was in the city Thursday in the interest of his firm. He is an enthusiastic Elk, which means that he is a good fellow. He attended the meeting of Gainesville Lodge No. 990 Thursday evening, and delivered a fine talk on the good of the order. Mr. Walcott made many friends while here who hope to see him again soon.

Among those spending a day or two in this city are W. S. Miner and his charming daughter, who have been at Starke on a visit to the former's brother. Mr. Miner is now residing at Kerkhaven, Minn., but is originally from Vermont, where he and Col. I. E. Webster were schoolmates. It was for the purpose of seeing Col. Webster that he came to Gainesville, and it is needless to add that the meeting was a mutual pleasure.

Judging from the manner in which the new city directory is going, the work must evidently be appreciated in its fullest value by the public. The publisher feels very much gratified at the many compliments which have been paid the work for its accuracy and completeness in every detail, as the book embodies not only complete directory details, but many other items of information not usually carried in a work of this character. The books are in demand, and are selling rapidly.

ELKS ELECT OFFICERS.

Rousing Meeting of Gainesville Lodge Held Thursday Night.

One of the most largely attended, most enthusiastic and most harmonious meetings in the history of Gainesville Lodge No. 990, B. P. O. E., was that which was held in the elegant lodge room on Thursday evening, at which time officers for the ensuing term were to be elected.

It was not because any friction or opposition in the selection of these officers was anticipated, for it was generally known that none would exist; but it was merely for the admiration of the various candidates and the interest manifested in the order here, that an extra large crowd assembled.

This was a most harmonious meeting—in fact, a regular love-feast—as it afforded old friends and brother Elks to come together who, on account of business relations, seldom experience this pleasure only upon occasions of this kind.

The election resulted as follows, all officers receiving the unanimous nomination and endorsement of the lodge:

Robt. E. Davis, exalted ruler; J. W. Blanding, esteemed leading knight; L. E. Barker, esteemed loyal knight; J. D. Gardner, esteemed lecturing knight; Roscoe Baird, tyler; J. M. Dell, Jr., secretary; Lee Graham, treasurer.

Dr. J. L. Kelley was elected a member of the board of trustees.

Hon. Henry S. Chubb, just retiring as exalted ruler, was honored by being elected representative to the Grand Lodge, to be held in Dallas, Texas, with Past Exalted Ruler L. C. Lynch as alternate, and H. H. McCreary, Geo. P. Morris, S. F. Brooks, J. W. Blanding and J. A. Goodwin were selected as delegates to the State convention, which will convene in St. Augustine on April 2nd.

During the session of the lodge the utmost good feeling prevailed, and interesting talks were made by several members.

KILL THE GERMS.

That's the Only Way to Cure Dandruff—and Parisian Sage is the Only Killer.

"Parisian Sage, said a New York barber "will kill the destructive and persistent germs of dandruff and abolish the disease. There may be other remedies that will do the same, but I never heard of one."

And just read what one of the foremost barbers of Springfield, Mass., says of Parisian Sage.

"Dear Sirs: I used your Parisian Sage and found it better than any other. It is the best Hair Restorer I ever used, and I have used them all. I find it a great Dandruff remover also. You should get it into all the Barber Shops and get the barbers to use it as it is great. I remain, Yours truly, Geo. A. Stilz, 73½ Main street, Springfield, Mass."

Parisian Sage soaks into the scalp and when it reaches the roots of the hair it not only kills every dandruff germ, but it supplies the hair with just the right kind of nourishment to put vigor and strength into it and make it grow.

Parisian Sage is the most delightful hair dressing in the world: use it one week and you will never give it up.

Parisian Sage is guaranteed by W. M. Johnson to stop falling hair; to cure dandruff; to darken gray and faded hair; to cure itching of the scalp or money back. Price 50 cents a bottle at W. M. Johnson's or by mail, charges prepaid, from Giroux Mfg. Co., Buffalo, N. Y.

Held Up Anarchistic Literature.

Chicago, March 27.—Three boys who were distributing circulars announcing an anarchist meeting for Thursday night were arrested by the police in the Ghetto Wednesday night. The bills advertised that William Nathanson would speak. They also said that Knute Hansen would speak on "Hunger." The meeting was to be held, according to Mr. Nathanson, at Matteheo's hall, Miller and Taylor streets, under the direction of the Educadi group.

FIELD DAY SPORTS ATTRACTED CROWDS

University Grounds Scene of Much Athletic Enjoyment Friday.

PROGRAM WAS WELL ARRANGED

The Students Exercised Great Tact in Carrying Out the Various Tasks, Frequently Receiving Applause. Many Citizens Were Present.

A large crowd gathered at the University Friday afternoon to see the field sports. The exercises were held in front of the cadet barracks, which permitted many of the ladies to see them well from the windows. In Capt. Cox's quarters particularly a large number were present. Arrangements were made, however, to seat all those who did not find places at the windows or who did not remain in their carriages. The greater number preferred, however, to stand, so as to be closer to the contestants.

The exercises came off very successfully. No records were broken, nevertheless the sports proved very interesting.

In the hundred-yard dash only two contestants entered, Kime and Wilson. Kime won in 11 1-5 seconds.

Six contestants entered for throwing the hammer. Rader threw the 16-pound hammer 59½ feet, Burgin 53, and Wilson 52½. Puleston sent the hammer 62½ feet, but was ruled out, as he was not a regular student.

The three-legged race was participated in by five couples. Stephens and Parker won, making the 100 yards in 15 4-5 seconds.

Kime and Wilson were the only ones to enter the 220-yard dash. Kime won in 23 2-5 seconds.

The barrel race, 100 yards, attracted a large number of contestants, so many that two races had to be run. In the first Hunter won in 15 3-5 seconds, with Frei a close second. In the second Parker won in 17 seconds, with Rader only a foot or two behind.

Seven entered for putting the shot. Rader won with 28 feet, followed by Hunter with 25 feet, 3 inches, and Burgin with 24 feet, 11 inches. Again Puleston with 27 feet, 9 inches, was ruled out of the competition.

The 120-yard hurdle race was won by Kime in 18 seconds, with Wilson but two feet in the rear.

The base ball throwing was won by Hay, second and third places being gained by Hunter and Langston.

The pole-vaulting proved a long-drawn-out contest. It finally resulted in a tie between Earman and Kime, with Wilson in third place.

The cracker-eating contest which followed was participated in by ten men. This caused the most amusement of all the games, especially for the small boys present. It resulted with Parker first, Albertson second, Pattishall third.

The running high jump was won by Kime with five feet two inches, Wilson in second place, Langston in third.

The running broad jump was won by Wilson; Kime second, and Langston third. Wilson covered 18 feet.

The exercises ended with a tug-of-war, in which ten men from the two lowest classes pulled against ten selected from the rest of college. The Sub-Freshmen and Freshmen won.

During the latter part of the exercises the spectators were given an opportunity to hear the Student Brass Band. This played three or four selections, winning for itself much applause.

The prizes will be awarded next Monday morning after chapel exercises. These prizes are very handsome, and were donated by the merchants of the city. A box of oranges was given at once, however, to the winners of the tug-of-war, and in ten minutes not one orange remained.

DR. KELLEY PLEASED.

Visited Waldo School, and Praised Faculty and Students Highly.

County Superintendent Dr. J. L. Kelley made an official visit to the Waldo Senior High School Friday, and was well pleased with the result of his visit.

"I'll tell you now," remarked Dr. Kelley, in referring to the school, "that is one of the finest and most systematically conducted schools of its class I have ever seen. The faculty and students work so harmoniously together that it is a pleasure to visit them. Whenever you find a school where all are pulling enthusiastically and earnestly toward the same and you may put it down in your note-book that school is a good one. There are many good schools, with efficient teachers, throughout the county, but Waldo is entitled to special mention, with due respect to all others."

The principal of the Waldo Senior High School is Prof. M. L. Neal, and the assistants Misses Lee, Agnes Zetrouer and Primmie O'Berry, the latter having charge of the primary department. Miss Lee, who is one of the most efficient teachers in the county, has just succeeded Miss Elsie Davis, who was suddenly summoned to her former home in Illinois on account of the serious illness of her father.

Dr. Kelley has recently visited several schools throughout the county, and expresses himself as being well pleased with all. In each instance he found that very efficient work is being done in proportion to the grade, and everybody working hard for advancement.

Alachua county is to be congratulated upon having not only one of the most competent Superintendents in the State, but a corps of efficient and energetic teachers as well.

Dutton Bank Improvements.

Improvements at The Dutton Bank building are progressing rapidly, two "shifts"—night and day forces—now being employed to push the work to completion. The rough work was finished several days ago, and the forces are now being centered on the interior. A handsome tile floor has about been completed, and the elegant furniture will soon be placed in position, which will make The Dutton Bank one of the handsomest and most modern in the country.

Will Picnic May 1.

The committee from the various Sunday schools of the city met at the office of Col. W. W. Hampton Friday afternoon for the purpose of arranging a date and place for the union picnic.

After some discussion it was agreed to hold the picnic on Friday, May 1, but the place has not yet been selected. The committee will make the selection at a later meeting, after they have ascertained the possibility of securing trains.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: *"For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured."* Why not let it help you? J. W. McCollum & Co.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

MRS. BRYNER WILL SPEAK.

Will Deliver Interesting Lecture at Baptist Church Monday Night.

Mrs. Mary Foster Bryner of Chicago, field worker of the International Sunday School Association, will visit Gainesville next Monday, the 30th inst., and in the evening will deliver an interesting lecture on the subject of the work of the association.

This lecture will be delivered in the First Baptist church, and a cordial invitation is extended to the public. All Sunday school pupils and teachers are specially urged to be present, as Mrs. Bryner will have something of much interest to say to them.

A Pleasant Party.

A pleasant party, comprising Mr. and Mrs. W. H. Palmer, Mr. and Mrs. H. S. Graves, Mr. and Mrs. Cole and Mrs. Thompson of Illinois, and Mrs. Daniel Graves of Nebraska, visited Spring Park Farm Friday, and were guests of Manager N. A. Callison.

The party returned late in the afternoon, well pleased with what they saw at the farm, as well as the cordial hospitality of their host.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Governor Broward will miss the excellent generalship of the lamented Senator Bryan in the management of his present campaign.

The St. Augustine celebration of the landing of Ponce de Leon will be well worth attending. The State Convention of the B. P. O. E. will also be in session in the Ancient City during the festivities—April 2nd and 3rd.

There is too much trash on the streets of Gainesville, and the sooner some people are given to understand that the law requires the depositing of loose paper, etc., in boxes or barrels, the better it will be for the appearance of the city.

Dr. J. M. Boring of Waldo is a candidate for member of the school board from district No. 3, as will be seen by his announcement in today's paper. Dr. Boring is especially well qualified for this position, and the people of Waldo feel that they are justly entitled to representation on the school board.

Governor Broward will not receive anything like the vote for United States Senator in Alachua county that he received for Governor. This statement is not made with any prejudice to the Governor, but for some reason the people of Gainesville do not look upon his candidacy for the Senate with favor.

"The spring hats this year are of hideous shapes," remarked one of Gainesville's most fascinating young ladies to the editor, "but I suppose we will have to wear them, to be in 'style.'" Not at all. Wear that which becomes you most. Such a pretty face should never be disguised by ugly shaped headgear.

The Live Oak Board of Trade contributes to the support of The Daily Democrat a full page advertisement of the advantages offered by that growing city. In this respect Live Oak is far ahead of Gainesville, for while the Board of Trade of Live Oak is alive to the interests of the town, that of Gainesville appears "too dead to skin."

The treasurer of the State Fair explains that the premiums awarded have not been paid because the money for the purpose is not yet forthcoming from the State treasury, because taxes are slow coming in. Premiums are paid only from the $15,000 fund appropriated for the purpose by the Legislature. As soon as the money is in the State treasury, it will be sent to the State Fair officials and they will distribute it to the winners of premiums.—Punta Gorda Herald.

TO CLIMB THE ALPS WITH BOATS.

In an illustrated article in its April number Popular Mechanics says:

"An Italian engineer named Signor Caminada proposes to connect Genoa with Lake Constance and float barges over the Apennines and the Alps by a ship canal project more stupendous and seemingly more impracticable than the wildest dreams of imaginative and unpractical brains. Yet Europe is impressed, and the scheme has won the support of the famous engineer, Senator Columbo, president of the Polytechnic of Lombardy.

"Signor Caminada's scheme is to construct what might be called a water ladder over the mountains with a long series of locks and canals. The canal is composed of two parallel tubes or channels, one of which is for barges running down the mountains and the other for barges climbing over. In the locks the barges are raised and advanced by the power of incoming water, the vessels being kept straight by two sheaves running on rails above and below. When the canal has to pass through a mountain it runs in two tunnels inclined in opposite directions. The key of the scheme is the fact that the water descends in both tubes, but crosses from one to the other alternately, so that when a barge descends with the sinking water in one tube, another barge is rising with the same water, which necessarily rises in the lower section of the other. Further water from the main reservoir carries the ascending barge to the top, and the descending boat enters the next tubular section. The canals will be constructed of masonry and closed with iron gates. The cost of such a scheme is estimated at $300,000,000."

FOOL, OR WISE MAN?

There is said to be somewhere in this great country an old man who has a small piece of land, a little cottage and an income of only $5 a week, and who nevertheless claims to be the happiest being on earth! Doubtless ninety-nine hundredths of the population would laugh at his pretension and call him a simple old fool, but he is probably nearer the goal than any of those who are trying to buy happiness with money or are otherwise racing after it with fevered eagerness, for has he not food, shelter, clothing, labor and contentment?

Those who run after happiness in the usual manner find that when they've got it, like the Irishman's flea, it isn't there; for, after all, happiness, like the kingdom of heaven, is within the seeker after it, not in riches, or pleasures, or power, or fame, or any other external conditions surrounding him.—St. Petersburg Independent.

Prof. Hathaway of Orlando has absolutely refused to become a candidate for State Superintendent of Schools. Prof. Holloway is so far the only one who has filed his notice of candidacy with the State committee for this office, but it is not probable that he will be permitted to have a "walk over," as Prof. Compton of Lake county says he wishes to be still considered as a candidate, though his health is very poor.

If J. N. C. Stockton has the same support for Governor in other counties as he has in Alachua, there will be no second primary between the candidates for this office. Three out of every five men one meets in Gainesville are outspoken supporters of Stockton, while half of the other two-fifths are non-committal; in other words, they have not decided who they will support for Governor.

The newspapers continue to book Editor Tom Appleyard for State Comptroller. They have planted the seed, and they are taking root. Appleyard would at least make the coming campaign interesting for somebody.

THE MAN AND HIS JOB

By Herbert J. Hapgood.

Brains are at a premium the world over. Good money stands waiting for the man with ideas and ability, at all times, everywhere. The bottom may fall out of the stock market, prices may go all to pieces, crops may be poor, and money scarce. But even under such conditions, the right man can sell his brains at a good price. There is always an insatiable demand for the man with the right brains.

Some days ago an employer whose very name is a synonym of success, speaking to one of his managers in regard to a stenographer who has just been hired, asked: "Has he any brains?" This is the first, last and foremost thing that an employer wants to know about his employees. There are millions who labor, but only a few who think, and employers throughout the whole world are paying good money for the man who has the brains and who knows how to use them.

The German Emperor once conferred upon Goethe a title that placed him dangerously near the nobility, but the master of German literature brushed the honor aside, and curtly informed those who hastened to congratulate him that the title was not worth the paper it was written on, that his only title to nobility consisted of his natural endowment from God—his brains, his character and his capacity for work.

In the death of "Uncle Steve" Melton Jacksonville loses one of her most interesting, as well as most charitable citizens. He never turned a deaf ear to an appeal for aid, and was justly one of the most beloved citizens of Duval county. He was 71 years old.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr Kilmer's Swamp Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp Root, and the address, Binghamton, N. Y., on every bottle.

In compliance with the orders of the Treasury Department, quarantine restrictions will go into effect against Cuban ports on April 1. This will not effect vessels sailing from Cuba March 31. There has been no public reports of yellow fever from Havana, but since the epidemic of 1905, the Treasury Department has set the date of quarantine at April 1, as a matter of precaution. There are still thousands of tourists in Havana and it will be quite a rush for them to get out before the quarantine restrictions go in effect.

The Carolina-Portland Cement Co. has just found the walls of a house plastered **25 years ago** with **"Acme Plaster"** to be in **better condition** than a house next door that was plastered **six months ago** with an imitation material.

—THE—

S. J. Thomas Co.

Ground was broken for the new First Methodist church in Pensacola last week. The work of constructing the handsome and costly edifice will be pushed to completion as rapidly as possible. The building alone, not including the costly site, is to cost approximately $75,000. It is to be constructed of red North Carolina stone, with a tile roof, and will be the largest and handsomest structure of its kind in that city.

Everything in and about Ocala looks good to us. The grass and the flowers and the oak and palmetto trees in the court house grounds, the shade trees on the streets and avenues; the new cement fences; the cement sidewalks, and vitrified brick street paving; the new buildings in course of construction and the old ones freshly painted and repaired. And the woods are radiantly beautiful with the giant oaks and magnolias arrayed in their spring costumes, and the dogwood trees and jassamine vines in full flower. If you want to see Florida at its best you should visit it now. It is next to the Garden of Eden in loveliness.—Ocala Banner.

Card from Mr. J. W. May.

Editor Sun: I see in your Semi-Weekly of March 23rd that Mr. L. W. Knight of Cadillac is soliciting aid for Mr. M. M. May of Forest Grove, my father, who had the misfortune of losing his residence by fire recently. I desire to say to the public through your paper that they are not on the charity list, and request that no further aid be rendered by the public. While we appreciate the assistance rendered in the immediate time of need by their neighbors, I desire to refund all moneys given them. If they were in need they have children who are amply able and who will take care of and look after them. Very respectfully. J. W. MAY.

T. P. A.'s Meet in Atlanta.

Atlanta, March 27.—The fourteenth annual convention of the Georgia division of the Travelers' Protective Association of America, more familiarly recognized as the annual meeting of the Georgia drummers, was called to order Thursday morning at 11 o'clock in the assembly room of the Piedmont hotel by President Charles H. Kelley, of Post B, of Atlanta. More than one hundred delegates were present from all parts of the state, while the wives, daughters and sweethearts were present in considerable numbers.

ROBBED BY HIGHWAYMEN.

President of Bank Was Held Up by Three Men Near Lincoln, Ill.

Lincoln, Ill., March 27.—Frank Frorer, president of a bank here and of the Lincoln Mining company, was held up by three highwaymen Wednesday afternoon two blocks from the public square of Lincoln and robbed of $5,000, monthly pay roll of the mining company. Two of the robbers were caught, but the third escaped with the money.

Frorer was on the way to the mine in a light wagon, carrying two satchels containing the money for the miners. He met three men in a buggy and two of the three jumping into Frorer's rig, quickly bore the banker to the ground and grabbed the satchels. The robbers then threw Frorer into his buggy, jumped into the rig and started out of the city at a fast clip.

Frorer was seriously injured, but returned to his office, where he informed the police, who started in pursuit of the robbers. Two miles out of town the robbers left the buggy and took to a cornfield, where they were discovered.

Five shots were fired by the officers and two of the thugs surrendered, but neither was injured. The third man made away with the money.

DOLLS 4,000 YEARS OLD.

Unique Reception Given by Pen and Brush Club in New York.

New York, March 27.—The Pen and Brush club Wednesday entertained a large gathering of foreigners, ranging in age from a few years to 4,000. They were a collection of dolls belonging to Mrs. Laura Starr, who illustrated with them in a talk on "The costumes and customs of the world."

The most beautiful doll was old and valuable, made to represent the Virgin, and has been used in Christmas celebrations many years ago in Italy, and the ugliest was a funny little doll from the regions of the Nile, a flat little thing pinned to a card, rag and a bamboo stick beneath it and long streamers of hair falling from a place where the head should have been.

The oldest dolls had played with little Pharaohs and had been buried with them four thousand years ago; middle-aged dolls were 3,000 years old, and a very young doll was loot from the royal palace of Pekin, two hundred years old.

The Empress Eugenie doll was dressed in style of her period and was loaned by a woman who admitted having played with her forty-five years before.

A number of the veterans of this county have suffered material inconvenience from the quarterly payment plan.

SOFTNESS OF SEALSKIN,

Is Rivaled by Human Hair Where Dandruff Is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that zaps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Shunning the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

CYCLONE STRIKES TOWN.

Many People Injured and Much Damage Done to Property.

Bainbridge, Ga., March 26.—Tuesday a cyclone struck the small town of Lynn, six miles north of Bainbridge, on the Georgia, Florida and Augusta railway, destroying every building in the place and seriously injuring a number of people.

The track of the storm ran through the turpentine timber of J. L. Davis, of Eldorado. His loss will be very heavy.

The cyclone came without a moment's warning, and before the people had time to leave their beds. The houses were blown down on them.

One house, in which were six people, was so completely demolished that only a few floor timbers could be found. All the occupants were more or less hurt.

A little child was blown from its father's arms, and carried over two hundred yards into the woods.

The store of Rich & Bailey was destroyed and stock badly damaged. The house of Tom Rich was razed to the ground, without injuring the occupants.

Severe storms visited other sections of Georgia and did more or less damage.

"UNCLE JOE" IS INDORSED.

Illinois Republicans Solidly for Cannon for President.

Springfield, Ill., March 27.—The republican convention which is to send four delegates and alternates at large to the Chicago convention was called to order Thursday by Roy O. West, chairman of the state central committee. George Buckingham, of Danville, was made temporary and permanent chairman.

The convention was solidly for Joseph G. Cannon for president and endorsed his candidacy in as strong terms as language permitted. It also upheld the administration of Governor Deneen and commended his conduct of public affairs.

All other state officials of the party were endorsed, as were United States Senators Cullom and Hopkins.

The administration of President Roosevelt was also highly praised.

Bank of Commerce to Reopen.

Kansas City, March 27.—All of the requirements laid down by the comptroller of the currency for re-opening the National Bank of Commerce of this city, were complied with when Receiver George T. Cutts received $2,870,000 in cash from a syndicate which took over all the slow paper of the bank and all the assets termed "bad" by the government officials. The bank will open next Monday with 47 per cent of its deposits in its vaults and with Comptroller Ridgely at the president.

It is the purest and best medicine that money can buy. Sold by W. M. Johnson.

Mills to Continue Full Output.

Augusta, Ga., March 27.—The fourteen mills of the Augusta district have not yet decided to curtail their output. It is known that the disparity between the prices at which spots may be obtained and that at which goods are sold in a market filled with cancellations has brought about such a condition as to make necessary some action on the part of the mills, which are, this week, through their leading officials, considering what is to be done.

Women Charged with "Holdup."

Mobile, Ala., March 27.—Julia and Mary Roberts, two women, were on Wednesday arrested in the Why Not neighborhood, near Meridian, Miss., charged with highway robbery. It is said the women held up traveling picture agents at the point of a gun, taking from the wagon what of the wares that pleased them. Mary was convicted of being an accessory and fined $25. Julia, who held the gun, was bound over to the criminal court.

THE COME AND SEE SIGN

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean?

It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and aboveboard."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound.

Is it a purely vegetable compound made from roots and herbs — without drugs?

Come and See.

Do the women of America continually use as much of it as we are told?

Come and See.

Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick woman are asked to write?

Come and See.

Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See.

Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

BRIDGE OF HUMAN BODIES.

Sensational Rescue of Family by Patrolmen in New York.

New York, March 27.—Five members of Jacob Chalkowsky's family were rescued in a sensational manner from the roof of their burning home at 135 Bowery Wednesday.

The rescue was made by two policemen before the firemen arrived. They bridged a six foot chasm between two buildings with their bodies and swung the five members of the family from the roof of the building to a place of safety. After the fire had been extinguished, Chalkowsky reported to the police that nearly $800 in cash which he had in his house was missing. It is thought to have been taken by thieves who entered the house during the excitement attending the fire.

Negroes Shoot City Marshal.

Birmingham, Ala., March 27.—D. Wheat, city marshal of Poplarville, Miss., shot through the lungs with a winchester rifle bullet, has been sent to the hospital at Hattiesburg, Miss., with but little chance of recovery. Wheat was shot by two negroes who had been serving time as convicts and had just been released. Bloodhounds were sent to the scene and efforts are being made to capture the negroes.

SCHOOL WORK TOO HARD.

Mrs. Caldwell Thinks Getting an Education Is Often Too Strenuous.

New York, March 27.—Mrs. M. M. Caldwell, of Ohio, in a lecture on "Life as a Fine Art—In Relation to the Arts of Life," to an audience composed exclusively of women, said:

"Boys and girls work too hard at school, thus unfitting themselves for the real business of life. They work for the glory of graduation, and true education is lacking in them."

Mrs. Caldwell declared education was bought too often with an impaired physique as the price and that a high state of mental cultivation thus obtained made a girl a detriment rather than a blessing to the race, since she was unfitted for her real mission in the plan of creation.

VARIED THE MONOTONY.

Marriage License Paid in 100 Cents of Mintage of 1908.

New York, March 26.—When a marriage license was issued to Miss Marguerite Stow and Abraham Cressy Morrison at the city hall Tuesday, Miss Stow varied the monotony of the proceedings at the clerk's window by handing the official in payment of her $1 fee a package containing one hundred cents of the mintage of 1908.

When the clerk looked askance at the collection, Miss Stow begged him not to be angry, "because we will buy them back from you," she said.

Mr. Morrison bought them back and said he intended to have the coins which had paid for the license made into a belt for his bride.

EPIDEMIC AMONG INFANTS.

Four Institutions for the Care of Children Quarantined in Brooklyn.

New York, March 27.—Epidemics of infantile disease have caused the quarantineing of four institutions for the care of children in Brooklyn.

Measles, scarlet fever and chickenpox are the prevalent maladies which have forced the health authorities to take charge of these institutions, all of them overcrowded as a result of the financial stringency.

Superintendent Goodhue, of the bureau for dependent children, says that much of the sickness among the little ones is due to a lack of proper nourishment in the homes from which they have come.

Dyspepsia is America's curse. Burdock Blood Bitters conquers dyspepsia every time. It drives out impurities, tones the stomach, restores perfect digestion, normal weight, and good health.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement, or each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It *will* often *prevent* them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent *free* on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

DANTE'S HUMOR.

It Is of the Wholly Unconscious Kind and Woefully Grim.

The humorous side of Dante is analyzed in the Westminster Review by George Trobridge, who is a great admirer of the famous poet and who has in previous writings expressed his appreciation of Dante as a nature poet and as a novelist.

Although Dante's great poem is a "comedy," in the sense of being a drama working to a happy ending, we do not look for ridiculous situations in it, such as we usually associate with the idea of comedy. Ridiculous situations occur nevertheless, and there is no lack of humor even in the poet's description of the sufferings of the lost. Dante's humor, however, is of the unconscious kind, arising from a total lack of perception of the ludicrous. It is said that he was never seen to smile, and we can quite believe it, since he never forsakes sober seriousness in his writings, and it is his deadly earnestness that betrays him into occasional comicality.

The sinners in hell, the poet tells us, are relegated to their proper quarters on the judgment of Minos, who indicates the particular circle to which the culprit is consigned by wrapping his tail so many times around his bestial body. Fancy the trembling sinner waiting to count the coils that he may know his fate!

It is a horrible punishment which is assigned to those guilty of simony, to be buried head downward in a circular pit, with only the legs and feet protruding, while flickering flames glide over the soles of the latter, inflicting exquisite torture, yet our sense of humor is provoked by the description of Dante standing over one of these holes and holding a conversation with its occupant, "reversed, and as a stake driven in the soil," while numberless legs wriggle in continual motion around him.

Fish Spearing by Firelight.

In the sunny south in the blue waters of the Mediterranean one may frequently behold the strange sight of fishermen reaping a rich harvest with the aid of a long forklike instrument, which is used in place of a net. There the ancient "peche aux flambeaux," a singular custom of fishing at night by the light of a blazing fire, still exists, enabling hundreds of hardy toilers of the deep to gain a livelihood.—Wide World Magazine.

DESIRE OF DISTINCTION.

Quaint Illustration of a Peculiar Phase of Human Nature.

In "Doc Gordon," by Mary E. Wilkins-Freeman, is a quaint illustration of a peculiar phase of human nature. It develops with the visits of the two doctors to their poorer patients:

James drove all the morning with Dr. Gordon about the New Jersey country. The country people were either saturnine with an odd shyness, which had something almost hostile in it, or they were effusively hospitable, forcing apple jack upon the two doctors. James was much struck by the curious unconcern shown by the relatives of the patients and even by the patients themselves. In only one case, that of a child suffering from a bad case of measles, was much interest evinced. The majority of the patients were the very old and middle aged, and they discussed and heard discussed their symptoms with much the same attitude as they might have discussed the mechanism of a wooden doll. If any emotion was shown, it was that of a singular inverted pride. "I had a terrible night, doctor," said one old woman, and a smirk of self conceit was over her ancient face. "Yes, mother did have an awful night," said her married daughter, with a triumphant expression. Even the children clustering about the doctor looked unconsciously proud because their old grandmother had had an awful night. The call of the two doctors at the house was positively hilarious. Quantities of old apple jack were forced upon them. The old woman in the adjoining bedroom, although she was evidently suffering, kept calling out a feeble joke in her cackling old voice.

"Those people seem positively elated because that old soul is sick," said James when he and the doctor were again in the buggy.

"They are," said Dr. Gordon; "even the old woman herself, who knows well enough that she has not long to live. Did you ever think that the desire of distinction was one of the most, perhaps the most, intense purely spiritual emotion of the human soul? Look at the way these people live here, grubbing away at the soil like ants. The most of them have in their lives just three ways of attracting notice, the momentary consideration of their kind—birth, marriage, sickness and death. With the first they are hardly actively concerned; even with the second many have nothing to do. There are more women than men, as usual, and, although the women want to marry, all the men do not. There remains only sickness and death for a standby, so to speak. If one of them is really sick and dies, the people are aroused to take notice. The sick person and the corpse have a certain state and dignity which they have never attained before. Why, bless you, man, I have one patient, a middle aged woman, who has been laid up for years with rheumatism, and she is fairly vainglorious, and so is her mother. She brags of her invalid daughter. If she had been merely an old maid on her hands, she would have been ashamed of her, and the woman herself would have been sour and discontented. But she has fairly married rheumatism. It has been to her as a husband and children. I tell you, young man, one has to have his little footstool of elevation among his fellows, even if it is a mighty queer one, or he loses his self respect, and self respect is the best jewel we have."

Much Wanted.

The following advertisement, quoted from a Boston paper of a date early in the nineteenth century by Mr. Janson in "The Stranger In America," shows that the domestic problem is not one of modern manufacture. But what mistress of today would dare to impose such conditions on the hindrance in the kitchen?

Much Wanted: A neat, well behaved female to do kitchen work in a small family in Charlestown, near Boston. She may pray and sing hymns, but not over the dishkettle. She may go to meeting, but not belong to the congregation of midnight worshipers.

Inquire at Repertory office, near Boston.

Resigned Too Soon.

One Missouri lieutenant governor missed the governorship because he resigned too soon. When Frederick Bates was elected governor, there was chosen for lieutenant governor on the same ticket Benjamin H. Rives of Howard county. Mr. Rives held office a few months and resigned. Shortly after his resignation Governor Bates died, and there being no lieutenant governor the succession fell to the president of the state senate, Abraham J. Williams of Boone county, who served for some six months as governor of Missouri. Governor Williams was a preacher, a shoemaker and had one wooden leg.—Kansas City Star.

He Gets Too Many.

"My, John, you haven't a particle of tact!"

"What have I done now?"

"Asking Mr. Hamfist to dinner and telling him you will give him a good roast! And he a second rate actor!"—Baltimore American.

'MADE IT RIGHT.

Yet It Was Not Easy For the Salesman to Grasp the Boss' Scheme.

In one of the suburbs of London there is a wholesale firm the senior member of which may be known as Mr. Blank. The firm has two traveling salesmen—a single man, receiving 30 shillings per week, and the other a married man, drawing £2 per week.

A short time ago the single man, being in the shop and looking over matters, discovered that the married salesman was receiving 10 shillings per week more salary than himself, while he (the single man) was selling more goods. He called Mr. Blank's attention to this and suggested that, as he was selling more than the other fellow, he should at least receive as much pay.

The senior partner acknowledged the apparent inconsistency and assured his man that he would look into it and if the statement were correct he would make matters right.

Another week rolled by, and when the single man came to draw his salary from the bookkeeper he was surprised to find only 30 shillings passed out to him the same as before. He demurred. The bookkeeper insisted he had received no instructions to raise his pay and referred him to the governor. Approaching Mr. Blank, he said:

"You remember, sir, I spoke to you last week about my salary, stating that, while I was selling more goods than the other traveler, I was receiving less pay, and I thought I should receive as much as he did. You assured me you would look into it and make matters right."

"Yes," said Mr. Blank, "I remember your mentioning the matter, and I made it right, didn't I?"

"Why, no; I don't see how you have, as the bookkeeper has just paid me the same amount as before. I can't see how that is making it right, sir."

"You don't understand," said the senior partner. "I have made it right. You thought you ought to have as much pay as the other man, and I have made it right by cutting the other fellow's pay down."—London Tit-Bits.

THE ENCORE HABIT.

How Sims Reeves Turned the Tables on One of His Admirers.

Sims Reeves, who in his day was accepted as the most celebrated tenor on the concert stage, was so much of a favorite that whenever he sang he was usually greeted with a hearty encore, accompanied with enthusiastic cheers.

Reeves was very good natured about the matter, but he made it a rule never to sing more than one selection when he felt that his voice was not in first class shape. He happened to notice that an elderly man, who turned out to be a dealer in hats along the Strand, London, attended nearly every concert within convenient distance if Sims Reeves happened to be on the bill and generally led the encore brigade. This hatter was a persistent person and often applauded until he had forced Reeves to respond to double and triple encores.

Determined to teach the little hatter a lesson, one afternoon just as dark was approaching Reeves entered his admirer's store and said, "One hat, please," naming the particular shape which he desired. The little hatter didn't recognize the great tenor and handed out one hat.

"Good," said Reeves. "How much is this hat?"

"Five shillings," said the store proprietor.

"Encore," said Reeves.

A second hat was forthcoming, and Reeves ultimately obtained three "encore" hats. When the little hatter demanded £1 sterling for the purchases Reeves pretended to be furious.

"Send these four hats to this address," ordered the tenor in terrible tone, "but I only pay for one hat. Do you understand? The three other hats are 'encore' hats. If you make me sing songs for nothing you must send me hats for nothing."

The little hatter was speechless.—Portland Oregonian.

A Startling Debut.

A comedy of errors describes the first appearance on the stage of Mr. Huntley Wright. He was supposed to impersonate the warder of a madhouse, and the scene opened with the brutal ill treatment of the hero, and it ended with a gunpowder explosion. In his nervousness the warder dropped his cap, and, being agitated and short-sighted, he picked up the pan of gunpowder instead. It instantly blew up, nearly frightening him out of his wits. He rushed from the stage and collapsed, as he thought, on a stool in the wings, which turned out to be a fire bucket full of water! — London Answers.

Good Judgment.

"Your partner," remarked the privileged friend, "seems to be a man of unusually good judgment."

"You bet he is," replied the self acknowledged leader of the firm. "Why, he never makes a move without asking my advice!"—Chicago News.

MUNICIPAL POLITICAL ANNOUNCEMENTS

FOR MARSHAL.

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1908. I have endeavored to perform my duty without fear or favor, and would appreciate the support of my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support, and soliciting your votes at the coming election, I am, Very truly,

BEN T. ARNOW.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens. Respectfully,

CHAS. PINKOSON

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order, C. L. KITE.

What Shall We Have for Dessert?

Try JELL-O, the dainty appetizing, economical dessert. Can be prepared instantly—simply add boiling water and serve when cool. Flavored just right; sweetened just right; perfect in every way. A 10c. package makes enough dessert for a large family. All grocers sell it. Don't accept substitutes. JELL-O complies with all Pure Food Laws. 7 flavors: Lemon, Orange, Raspberry, Strawberry, Chocolate, Cherry, Peach.

FOR SALE---EGGS for HATCHING

I have twelve securely separated and well-arranged yards of STANDARD LINE-BRED CHICKENS—all young Exhibition birds of high score. These birds were purchased from the selected stock of the most famous breeders and fanciers of each variety in the United States. Many of them came direct to me from Fairs and Poultry Exhibitions of the North and West, where they secured a number of blue ribbons. I have the following:

VARIETY	STRAIN
Single-Comb Buff Orpington	Cook's
Single-Comb Buff Orpington	Bogardu's
Single-Comb Rhode Island Red	Tompkins-Billing's
Single-Comb Rhode Island Red	Warde's
Rose-Comb Rhode Island White	Dr. Halcomb's
Silver Spangled Wyandotte	Blair-Grimes'
Golden Penciled Wyandotte	Ira Sitterly's
Barred Plymouth Rocks ("Ringlets")	Thompson's
Golden Polish	Adams'
Lakeneelders	Caldwell's
Black Samatra Games	Shoemaker's
White Wyandottes	Carter & Watts'

Fresh Eggs from $1.50 to $3.00 Per Setting of 13
(Less than one-third price of breeders from whom I bought).

ALSO CHICKS—I should have about 600 to hatch out in April, mostly from eggs from the above yards, the others from eggs for some of which I paid $15 per setting. Most of these chicks will be placed on the Fall and Winter local market, and the best of them should be the "blue ribbon" kind against any competition, as my matings are such as should produce that kind. Reservations made for Fall and Winter delivery on request.

P. O. Box 295 MRS. J. F. McKINSTRY, Jr. Phone 46

W. T. Pound has returned from a brief business trip to High Springs, Trenton and other points.
